

The All Saints' Church & Internship Training Programme

Training is an important aspect of discipleship. Each of us will benefit from a wide range of training, including learning to minister in the power of the Holy Spirit, developing listening skills and understanding a little more about church history and how we got here. The training is intended to be diverse and help us grow in a wide range of skills and knowledge so that we can grow as effective disciples.

You don't have to come to each block and you can see we have tried to vary the time so that its not all on the same day. Feel free to choose the blocks that interest you—but why not step out and come to something new!

It will be great to see you.
